A Legacy of Hits

Rudebone and DJ Kunsept are no strangers to delivering global anthems. Their biggest collaboration to date, *Bandana*, became a viral sensation in 2019, amassing over 30 million views on TikTok with the hashtag #RollYourBandana. The track resonated with fans worldwide, cementing the duo’s reputation as hitmakers who consistently push creative boundaries.

“Fiesta” – A Celebration of Big Vibes

Fiesta captures the vibrant spirit of celebration and global unity. From its catchy hooks to lyrics celebrating love, fun, and ambition, the song is a musical invitation to join the ultimate party.

Excerpt from “Fiesta” Lyrics:

*“Too many DMs on my insta,
I’m feeling like a big star,
My music travel no visa,
That’s why I’m balling like Iniesta.*

*Too many girls on my DM,
Want straight flight to Ibiza,
Ester Monalisa,
It’s ah big vibes fiesta.”*

The track also reflects Rudebone’s knack for storytelling, blending luxury and playful energy. Whether you’re vibing in Ibiza or dancing in your living room, *Fiesta* is the anthem you didn’t know you needed.

Amapiano Influence

Embracing the growing popularity of Amapiano, Rudebone and DJ Kunsept showcase their versatility by blending the South African genre’s signature log drums with elements of Afrobeats and global pop. “This one’s for the fans who love good vibes and timeless beats,” the duo shared.
